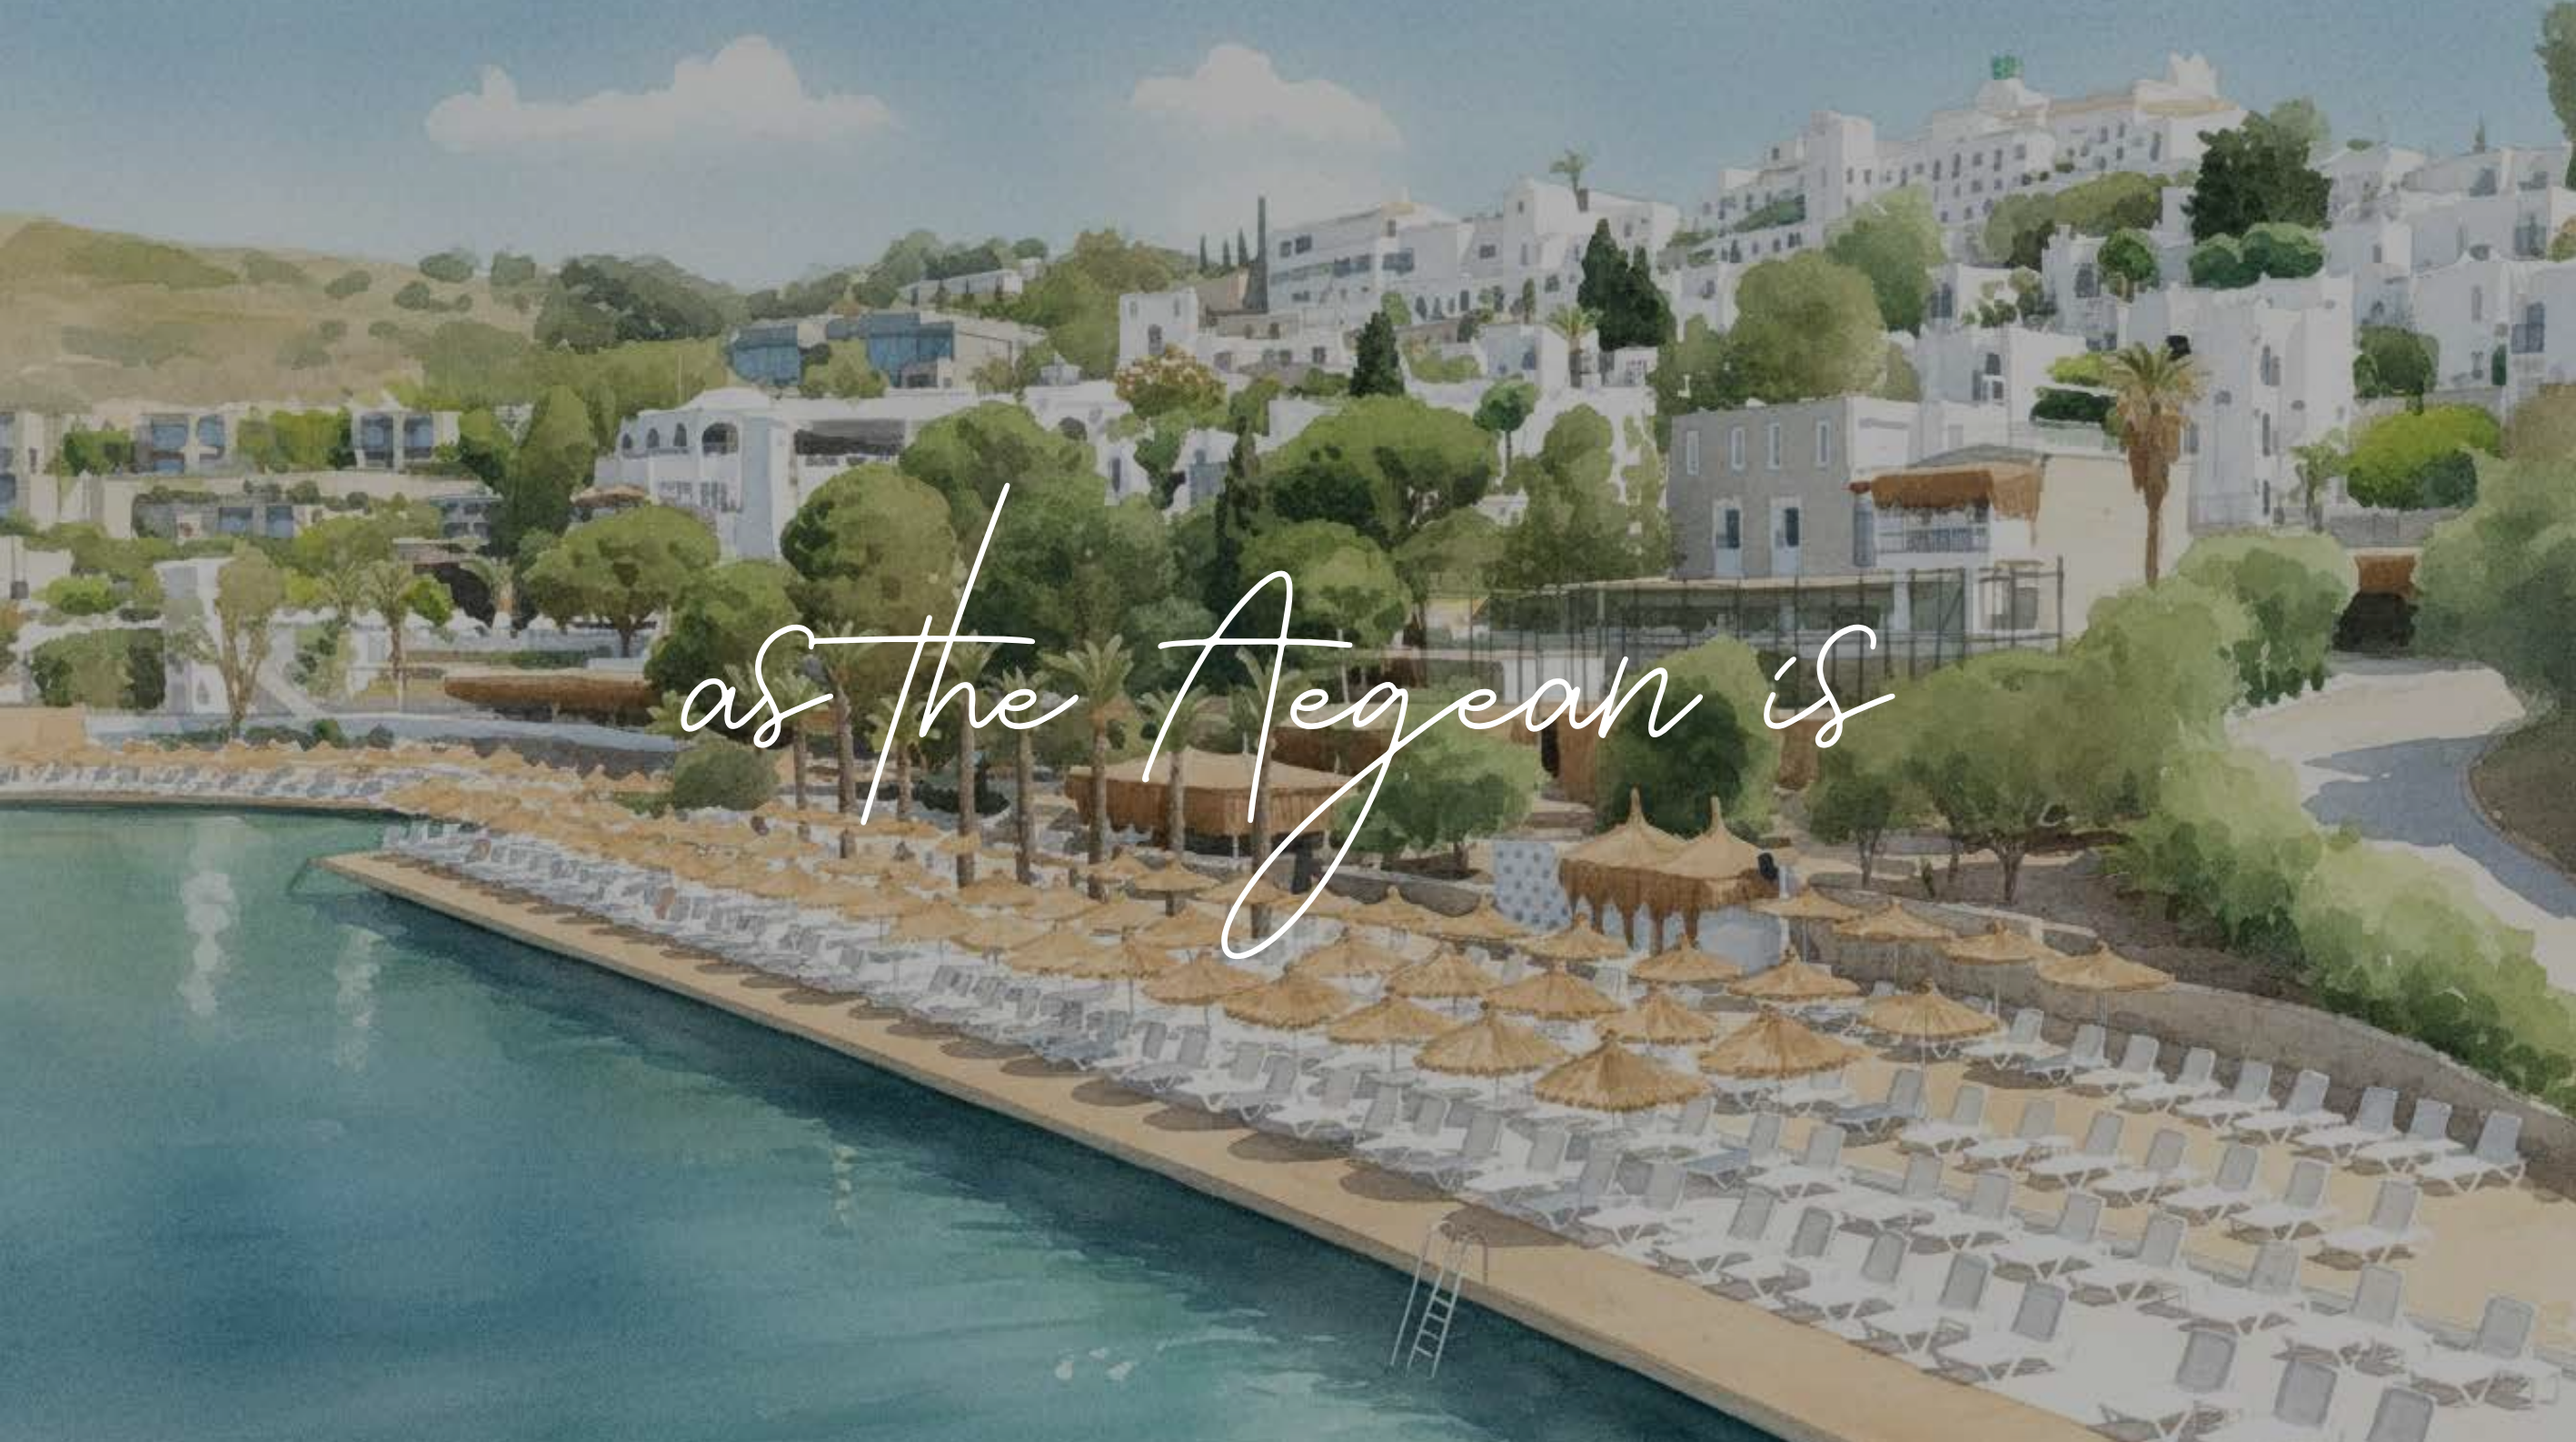
RESORT — BODRUM



as the Aegean is

Simple... Natural... Vibrant...

BASKA Resort Bodrum offers a coastal village atmosphere that authentically reflects the untouched beauty of the Aegean.
Stone pathways, whitewashed buildings, bougainvillea, olive trees, and shaded passages opening to the sea...
All come together with the silhouettes of nearby islands to create a natural and harmonious landscape.

The day begins here with pure simplicity.
The light is clear, the breeze is gentle.
Guests relax within the understated order of traditional Aegean villages.

As the day unfolds, the resort opens up to the distinctive energy of the Aegean:
an all-day open-air lifestyle, fresh flavors, light conversations, and a natural vibrancy.
Neither exaggerated movement nor complete stillness;
The resort follows what the natural rhythm of the Aegean brings.

BASKA offers a seaside resort and beyond;
it offers the opportunity to truly feel the unique flow of the Aegean.
It delivers tranquility and energy simultaneously.
